GA1100058

Your personal weed terminator

The T3 is great for high-pressure spot spraying duties or can be used with a small boom.

The compact dimensions make it suitable for many tray back applications. The unit features a 30m hose reel and spray gun with an adjustable nozzle and 2-way controller with a pressure regulating valve.

Model Features

- 300L product tank
- Compact size - 1168 L x 765 W x 853mm H
- Honda GX120 engine
- 20 l/min 290 psi pump
- 30m hose reel
- Adjustable pistol grip gun
- Net weight 102 kg
- Add a boom page 18

Engine Pump & Controller

Fitted with a 2 way manual controller and a Udor Iota 20 l/min diaphragm 290 psi pump, with a reliable Honda GX120 pull start engine.

Filtration

A suction filter with 50 mesh screen and shut off valve is fitted to enable cleaning without losing the contents of the tank.

30m Hose Reel

Water / chemical, steel housing, 30m hose length, 3/8" hose diameter, 300 psi / 20 bar max pressure, fitted with pistol grip gunjet.

Spray Gun

TeeJet AA30L pistol grip spray gun with adjustable nozzle and tough construction.

Why choose T3 Traymount?

- Australian engineering excellence
- Compact strong frame
- Simple intuitive control
- Designed in-house for Aussie conditions

Ultimate spraying performance

The Goldacres LM Three-Point Linkage Sprayer range represents the pinnacle of agricultural spraying technology.

Precision, performance and durability, these sprayers are the ultimate solution for farmers demanding top-tier application capabilities.

Model Range

- Capacities: 1300L and 1900L with integrated a 200L rinse water tank for decontamination and a 25L hand wash tank for easy clean up.
- Boom options: Delta hydraulic lift and fold boom is available in sizes 12, 15, 18 or 24m with 3-way suspension system to control yaw, pitch and roll.
- Linkage Compatibility: Category 2 and 3, with quick hitch adapter support
- Frame: The frame incorporates forklift legs for easy moving, made from RHS steel.
- Control: Sprayer controls are clearly labelled, flip valves control all suction, pressure and filling functions.
- Induction Hopper: A 23L height adjustable hopper is fitted for liquid or granular chemical.
- Rate Control: Auto Rate control can be done with either Raven SCS4400 or ISOBus Section control with 3, 5 or 7 sections.
- Gross weights: 1300L - 1650 kg
1900L - 1950 kg

Carry more. Spray smarter.

Increase your capacity with the versatile 1500L front tank system.

Complete stand-alone spraying system for increased capacity or dual product capability. Featuring a centrifugal pump, pressure manifold and filtration system wrapped in a robust cradle frame for integration suitable for many applications.

Features

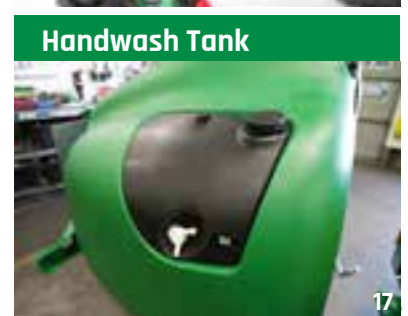

- 1500L tank capacity with integrated 15L handwash tank
- Ace 650 centrifugal spray pump, 644 l/min, 160 psi
- Pressure manifold with filtration and agitation system
- 2" front fill
- 2" Inlet / outlet
- LED Ultra beam S Series Hella lights and indicators
- Rear mounted tank site tube
- Oversize sign
- Fully welded cradle frame with drop down storage legs and cat 3 linkage hitch.
- 1535L x 2196W x 1645H – 316kg

Pasture, broadacre & rowcrop specialist

The small frame Prairie Special is a fully featured sprayer efficiently packaged in a layout to suit pasture, horticultural and dry-land cropping applications.

2500L model

- 12 to 24m Delta booms
- 140 l/min pto diaphragm pump
- 3 way electric control (Raven SCS450 optional)
- 100L rinse tank
- 14.9 x 24 tyres

3000L model

- 18 to 24m Delta booms
- 170 l/min pto diaphragm pump
- Raven SCS450 rate controller
- 180L rinse tank
- 16.9 x 34 tyres
- Clever in design, simple in functionality, the Prairie Special suits pasture, broadacre and horticultural spraying situations - Proudly Aussie Built

Advanced spray tech

Suited to large-scale dryland farming operations the Prairie Special Series 2 is designed for maximum efficiency and operator usability.

- 4000, 5000, 6500, 8500 and 10,000L tank capacities
- 24-36m TriTech boom for unmatched boom stability
- Fast Fill - Fluid distribution system, rapid induction of chemical & water
- 260 l/min PTO pump (hydraulic drive optional)
- 500/800L rinse tank
- ISOBUS rate controller
- Narrow profile, adjustable height pull
- Airbag suspension
- The Prairie Special Series 2 is simple to use with a huge range of tank sizes and nozzle technology to streamline your spraying program - Proudly Aussie Built

Fully featured

Fast fill induction, G-Hub integrated sprayer control and TriTech booms, all the features to increase spraying productivity - Prairie Pro Series 2.

- 5000-10,000L product tanks
- TriTech RivX boom 36-42m - composite symmetrical or TriTech V boom 48m
- Infinite nozzle spacings in perfect alignment
- Hydraulic boom wing bi-fold with multiple spay widths
- FastFill - liquid induction and distribution
- G-Hub system - 5" External display – Fill and cleaning functions and optional 12" cabin display - Monitor all critical sprayer functions
- ISOBUS rate controller
- Boom height control – Radar sensor technology (optional)
- Next generation of premium trailing sprayers the Prairie Pro Series 2, with features developed from our popular G6 Crop Cruiser Series 2 self-propelled model - Proudly Aussie Built

Superior spraying performance

Lightweight for minimal soil disturbance, 2 or 4 wheel drive with a track width to suit all situations. The G4 Crop Cruiser Series 2 can do it all.

- 4000L product tank
- 24-36m TriTech boom
- FastFill - liquid induction and distribution
- 200hp Cummins engine with Allison 6 speed transmission with mechanical drive for unmatched efficiency
- Multiple wheel track options with hydraulic or manual adjustment available
- One of the lightest mid-sized self-propelled sprayer on the market at 10.9 tonne (depending on options fitted)
- Weedetect® green on brown or green on green camera technology (optional)
- Enhanced comfort, increased power and superior spraying performance the G4 Crop Cruiser Series 2 - Proudly Aussie Built
